

CRUD APPLICATION - ANGULAR

→ HOME PAGE

The screenshot displays the home page of an 'Employee Management System' running on a web browser at `localhost:4200/EMPLOYEEMANAGEMENTSYSTEM`. The page features a navigation bar with links for 'Home', 'Current Employees', 'Profile', 'Help', and a 'USER' button. The main content area is divided into two sections. On the left, a large orange banner contains the text 'Effortlessly manage your global employee data' and a paragraph describing the system's capabilities. On the right, a circular diagram titled 'People HRMS' illustrates the system's modules, including Salary Structure Management, Payroll Management, Applicant Tracking, Self Service, Performance Management System, Leave & Attendance Management, Employee Management System, and Employee Engagement Platform. Below the banner, a section titled 'Reviews featured on' displays three testimonials from Ken Scrase, VP of Operations at Loading Dock 2, each with a five-star rating and a date of March 21, 2023. The bottom of the page shows a Windows taskbar with various application icons and a system clock indicating 06:16 PM on 01-08-2023.
